

## LANE CLOSURES

Bridge Projects Supporting Flood Control in Your Area

# WARNER AVE • SPRINGDALE ST • EDWARDS ST

## Huntington Beach

**WHAT:** Lane closures: One lane in each direction will be closed at the following locations:

- 1. Warner Ave bridge:** 700-foot west of Springdale St; two lanes in each direction to remain open
- 2. Edwards St bridge:** 500-foot north of Warner Ave; one lane in each direction to remain open
- 3. Springdale St bridge:** 500-foot north of Warner Ave; one lane in each direction to remain open

**Sequence of lane closures:** Warner Avenue (1) and Edwards Street (2) lane closures will occur first and simultaneously, followed by Springdale Street (3) lane closures in early 2024. **Lane closures at each bridge location will not be in place during the entire project duration.**

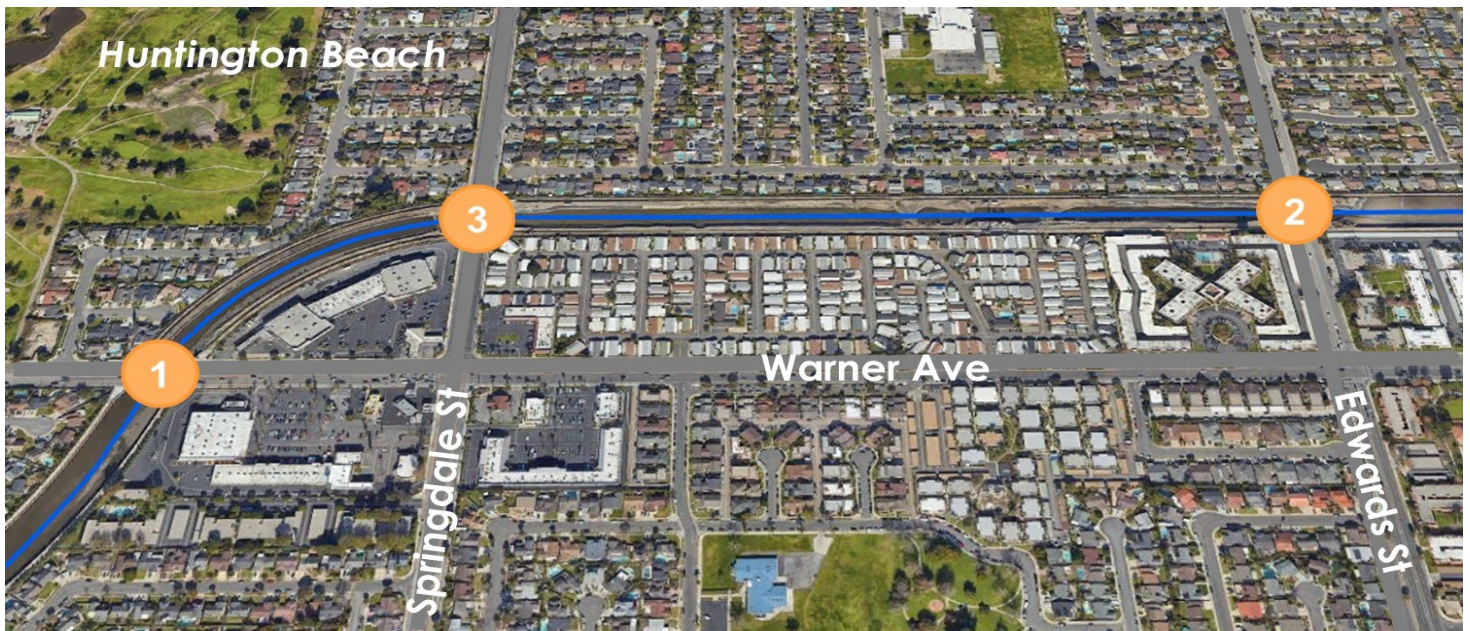

**Your safety is our top priority!** Please observe all project safety signs and barriers when traveling near the project area. Expect delays when traveling through the area. Use alternate routes.

**WHEN:** Thursday, September 21, 2023 — January 2025

**WHY:** OC Public Works is reconstructing the bridge structures at all three locations to support the flood control operations of the channel spanning below each bridge. Construction will include adding flood walls and replacing sections of the roadway surface at each location, and removing/replacing the center median islands along Warner Avenue and Springdale Street.

## SHIELDS DRIVE CLOSURE AT EDWARDS STREET

Huntington Beach

**ATTENTION: Vehicle Access Closed at East End of Shields Drive (at Edwards Street) For Extended Period During Adjacent Bridge Project**

**WHAT:** OC Public Works is reconstructing the bridge structure at Edwards St located between Shields Dr and Warner Ave.

Due to the close proximity of construction activities and related lane closures along Edwards St, the east end of Shields Dr at Edwards St will be closed for an extended period — there will be no vehicle access from/to Shields Dr at Edwards St.

Please use alternate routes (as shown on map below) to access Heil Ave and Springdale St.

Pedestrian access from/to Shields at Edwards St will remain open.

**Your safety is our top priority!** Please observe all project safety signs and barriers when traveling near the project area. Expect delays when traveling through the area. Use alternate routes.

**WHEN:** Starting Thursday, September 21, 2023 through early Spring 2024 (approximately six (6) months). Schedule may change depending on completion of project activities, adverse weather or other factors.

### ABOUT THE PROJECT

In addition to the Edwards St bridge, OC Public Works is reconstructing the bridge structures at Springdale St (north of Warner Ave) and Warner Ave (west of Springdale St). The bridge improvements support the flood control operations of the channel spanning below each bridge. **The overall project is expected to be completed in January 2025.**

These OC Public Works (County) project activities are being performed in coordination with the City of Huntington Beach.
