

O'Neill Regional Park Pavement Rehabilitation Project

Project Summary

OC Public Works, in collaboration with OC Parks, will complete a pavement rehabilitation project within O'Neill Regional Park in Trabuco Canyon. All of the work will take place within park limits. Due to the location and nature of the work, **the camping area within the park will be closed at times during construction.** See below for closure dates. OC Public Works will complete the day use areas in phases in an effort to mitigate the impact to park users. Park users may experience an increase in noise and dust during construction.

WHAT

The pavement rehabilitation includes remedial repairs and an asphalt overlay to the roadways and parking lots within the park. Other work include removing and replacing trail fencing and wooden bollards, installing asphalt-concrete curbs, truncated domes and traffic loops and re-establishing striping, pavements markings and speed humps.

WHEN

Anticipated Construction Duration

September 16, 2019 — Late October 2019

Working Hours | Weekdays | 7 am — 4 pm

The construction schedule is tentative and subject to change due to weather and other factors.

Campground Closures *(see map)*

- September 15 — 19
- September 22 — 26
- September 29 — October 3
- October 6 — 10
