

Central Irvine Channel Rehabilitation Project

Project Summary

OC Public Works will complete routine rehabilitation work within the Central Irvine Flood Control Channel, located in the City of Irvine. All construction activity will occur within the flood control channel from Jeffrey Road to south of SR-261. **Temporary lane closures will be required along southbound Trabuco Road from Culver Drive to Jeffrey Road between the hours of 9 am and 3 pm.** Traffic control measures, such as electronic message boards and flag personnel, will be present during the lane closures.

WHAT

The rehabilitation work includes repairing concrete, reestablishing the “rip-rap,” removing silt, and removing and replacing concrete panels. Businesses and residents located within close proximity to the project area may experience an increase in construction related noise and dust.

WHEN

Anticipated Construction Duration

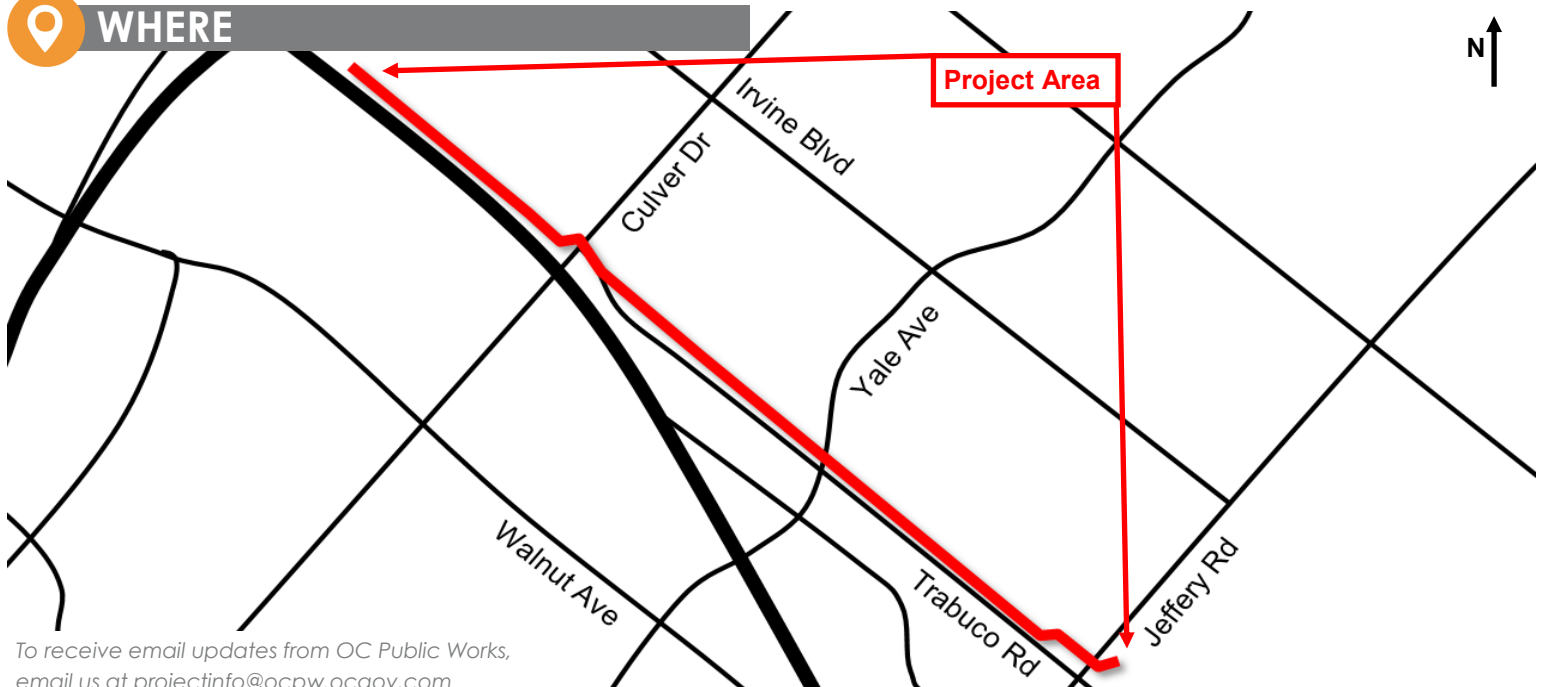

September 30, 2019 — November 2019

Working Hours | Weekdays | 7 am — 4 pm

Lane Closures | Weekdays | 9 am — 3 pm

The construction schedule is tentative and subject to change due to weather and other factors.
